

5 Port Solenoid Valve Sub-plated mounted Series 4M(NAMUR)

Symbol

Model List:

4M110-M5/06	4M120-M5/06
4M210-06/08	4M220-06/08
4M310-08/10	4M320-08/10

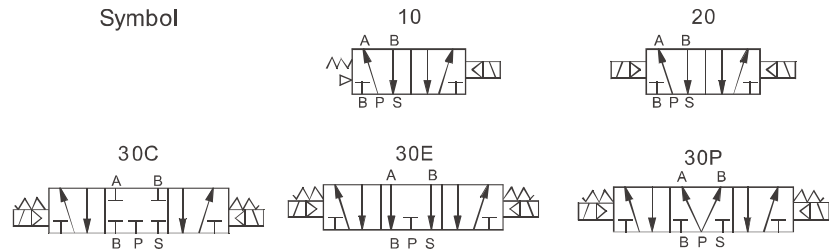

◆ **Product Features**

- Internally piloted structure.
- Structure in sliding column mode: good tightness and sensitive reaction.
- Double control solenoid valve has memory function.
- Internal hold adopts special processing technology which has little attrition friction, low start pressure and long service life.
- No need to add oil for lubrication.
- Install in the side plate with the surface upward, which can be used by directly connecting with the actuators.
- Affiliated manual device are equipped to facilitate installation and debugging.
- Several standard voltage grades are optional.

5 Port Solenoid Valve Series 4V_{100/200/300/400}

Symbol

Model List:

4V110-M5/06	4V120-M5/06	4V130C/E/P-M5/06
4V210-06/08	4V220-06/08	4V230C/E/P-06/08
4V310-08/10	4V320-08/10	4V330C/E/P-08/10
4V410-10/15	4V420-10/15	4V430C/E/P-10/15

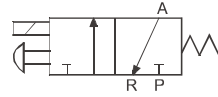

◆ **Product Features**

- Pilot-oriented modes: optional for internal or external;
- Structure in sliding column mode: good tightness and sensitive reaction.
- Three position solenoid valves have three kinds of central function for your choice;
- Double control solenoid valve has memory function.
- Internal hold adopts special processing technology which has little attrition friction, low start pressure and long service life.
- No need to add oil for lubrication.
- It is available to form integrated valve group with the base to save installation space;
- Affiliated manual device are equipped to facilitate installation and debugging.
- Several standard voltage grades are optional.

3 Port Solenoid Valve Series 3V1

Symbol

◆ **Model List:**

3V1-M5
3V1-06

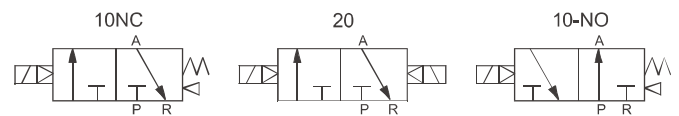

◆ **Product Features**

- Direct acting type and normally closed mode, flexible in direction change;
- No need to add oil for lubrication.
- Several valves can be installed integrately to save installation space;
- Affiliated manual device are equipped to facilitate installation and debugging.
- Several standard voltage grades are optional.

3 Port Solenoid Valve Series 3V_{100/200/300/400}

Symbol

◆ **Model List:**

3V110-M5/06	3V120-M5/06
3V210-06/08	3V220-06/08
3V310-08/10	3V320-08/10
3V410-10/15	3V420-10/15

◆ **Product Features**

- Pilot-oriented mode: internally piloted;
- Structure in sliding column mode: good tightness and sensitive reaction.
- Double control solenoid valve has memory function.
- Internal hold adopts special processing technology which has little attrition friction, low start pressure and long service life.
- No need to add oil for lubrication.
- Affiliated manual device are equipped to facilitate installation and debugging.
- Several standard voltage grades are optional.
- Integrate with the manifold to save installation space.
